CENTER FOR

ACCOUNTABILITY

LETTER FROM THE CHAIRMAN

MATT SCHLAPP
CHAIRMAN, CPAC

The CPAC Foundation's Center for Legislative Accountability is proud to present our Ratings of the States. Like our Ratings of Congress, CPAC's Foundation's Ratings of the States are meant to reflect how elected officials view the role of government in an individual's life. We begin with our philosophy (conservatism is the political philosophy that sovereignty resides in the person) and then apply the proper role of government (its essential role is to defend Life, Liberty and Property).

The Left has stormed our nation's corridors of power to take control over the lives of every American. Now, they have set their sights on the states, freedom's last line of defense.

President Lincoln once said, "America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves." The Left's agenda dismantles the vision of our founders when they pledged their lives, their fortunes, and their sacred honor.

We hope these Ratings will empower each and every American to hold their officials accountable and to rally behind the conservative champions who defend our freedoms in statehouses around the country.

Sincerely,

Matt Schlapp
Chairman, CPAC

The Center for Legislative Accountability (CLA), an initiative of the CPAC Foundation, is the premier organization for holding lawmakers accountable. The CLA produces the longest-running conservative congressional scorecard and our state program is the only one in the nation that scores all 8,000 lawmakers in the 50 states across every policy area.

In 1971, ACUF launched its Ratings of Congress to provide a comprehensive evaluation of the voting records of every Member of Congress. The Ratings quickly became considered the "gold standard" and over the following decades have been utilized by activists, voters, academics and elected officials to determine which lawmakers best adhere to conservative principles.

In 2011, these Ratings were expanded into state legislatures as part of a five-state pilot program. By 2015, Ratings of the States grew to include all 50 states and all 99 legislative chambers. Today, the CLA annually analyzes over 105,000 pieces of legislation to issue scores for all of America's federal and state lawmakers and presents awards to lawmakers who score 80% or better in recognition of their conservative voting records.

In order to depict how closely a lawmaker adheres to conservative principles, the CLA selects from the full spectrum of issues relating to the economy, culture, national security and government integrity. Some key areas include taxation, spending, education, labor, licensure, regulation, environment, life, free speech, Second Amendment rights, foreign aid, defense priorities and global organizations, including the United Nations. All congressional and state analyses are conducted after the adjournment of a legislative session to ensure that no issue is neglected.

To determine legislative rankings, the CLA annually evaluates over 105,000 bills that were introduced in Congress and every convening state legislature running from January 1 to December 31.

Of those bills, the CLA ultimately selects roughly 2,000 pieces of legislation that best illustrate how elected officials view the role of government in an individual's life. The CLA calculates individual scores for a total of nearly 8,000 federal and state lawmakers based on over 157,000 votes cast on the 2,000 bills selected.

HB 118 Protecting the Dignity of Fetal Remains.

This bill requires healthcare facilities that possess fetal remains to properly dispose of such remains. CPAC believes that the unborn should be treated with the same dignity and respect as one already born and supported this bill. The Senate passed this bill on June 29, 2022 by a vote of 29-21 but the bill did not get final approval.

HB 972 Protecting Women's Sports.

The Senate passed the bill on June 29, 2022 by a vote of 30-20 but the bill was vetoed by the governor.

HB 1059 Targeted Tax Breaks.

This tax bill creates a new program, known as the Pennsylvania Development for a Growing Economy program or "PA Edge," that provides around \$2 billion in tax incentives to businesses in government-favored industries. CPAC supports appropriate tax relief whenever possible but opposes programs that selectively favor some companies over others and opposed this bill. The Senate passed the bill on October 26, 2022 by a vote of 41-8 and the bill later became law.

HB 1500 Prohibiting Discriminatory Abortions.

This bill prohibits physicians from performing an abortion if the woman seeking the abortion desires such because her unborn baby has been diagnosed with Down Syndrome. HB 2210 Infringing on Property Rights.

This bill adds land banks to the list of properties that the government can take into conservatorship if they are deemed "blighted." CPAC opposes increasing the list of lands that can be taken into conservatorship and opposed this bill. The Senate passed the bill on October 24, 2022 by a vote of 42-6 and the bill later became law.

HB 2398 Deregulating Advanced Technology.

SB 106 Clarifying That There is No “Right” to Abortion.

This bill proposes a constitutional amendment that would state that there exists no constitutional right to a taxpayer-funded abortion or any other right to abortion. CPAC believes abortion is always a human tragedy and supported this proposed amendment. The Senate passed the resolution on July 8, 2022 by a vote of 28-22 but the resolution must still pass in two consecutive legislative sessions in order to be placed on the ballot.

SB 573 Strengthening the Power of Poll Watchers.

This election reform bill increases the number of poll watchers that must be present at an election and allows poll watchers to be inside polling places. It also increases penalties for those who do not permit overseers and watchers to be present while ballots are being counted. CPAC supports efforts to reduce election fraud and supported this bill. The Senate passed the bill on June 6, 2022 by a vote of 30-19 but the bill was vetoed by the governor.

The Senate passed the bill on June 15, 2021 by a vote of 31-19 but the bill was not taken up in the House.

SB 982 (PN 1264) Banning Zuckerbucks.

This early version of SB 982 prohibits private groups from assisting in paying the costs associated with administering elections or registering voters for the election. The Senate passed the bill on June 6, 2022 by a vote of 30-20 but the bill was not brought up in the House.

SB 1200 Securing the Absentee Ballot.

This bill refines a series of steps that must be taken before an absentee ballot is counted. For example, it requires that absentee ballots be delivered to an employee at the primary office of the county board of elections. CPAC strongly supports absentee ballot reform and supported this bill. The Senate passed the bill on April 13, 2022 by a vote of 29-20 but the bill was not taken up in the House.

SB 1277 Strengthening Parental Rights.

This bill requires that schools notify parents of any curricula or books present in the school that contain sexually explicit content. The House voted against discharging the bill on June 21, 2022 by a vote of 89-111 but the bill did not progress beyond the House.
